Leeandco doing the job right

LEEANDCO Construction is a family business comprising of Lee Harding, his wife Desirée, and his son Dillon.

Lee has been in the building business for more than 25 years. He started in this trade as a builder and has all the hands on knowledge of all the building disciplines as he has done them all himself.

Lee has the ability to see a piece of land and a plan and he can visualise the completed project in 3D in his mind, giving him an innate sense of his project.

Lee is very old school in terms of "doing the job properly the first time so you never have to

go back". He is passionate about what he does and therefore does the job right. He takes pride in his projects.

Some of his projects include, the renovation of nine houses in Station Road Observatory in Cape Town; the building of numerous homes in the Cape Town area; and steel frame houses in Betty's Bay, Pringle Bay and Mossel Bay; recently a luxury apartment block (7 Units) in the Port SFB; many 3 - 4 bedroom homes in Cape St Francis and a 2 storey Office block with flats on top.

Lee has a diploma in Project management.

Frank & Jani Ellis are the new chefs St Francis Bay Golf Club.
