Letter to The Editor St Francis Bay beach

It is with an extremely heavy heart that I write this letter to you.

My family and I have been visiting this beautiful little village for the last 10 years and have always recommended it as a holiday destination to our friends. Sadly this year may be our last visit to this Upmant holiday town.

We have over the last couple of years noticed the slow demise of infrastructure, and have kept a positive outlook, thinking that these are still testing problems of a new dispensation and that it will be better on our return, but alas no such luck, worse and worse!

For instance the nearest beach within walking distance for our children is Ann Ave beach, (which has apparently been inaccessible for about 7 months now) I find this truly shocking for a popular holiday town!

Surely you as the locals have some say in what is happening, and organise something to rectify this yourselves instead of waiting for the Municipality of the area.

December holidays is at hand and we are now going to Plettenberg Bay, where we have acquired a holiday cottage on the beach where my kids and my Mom (88yrs) who on our last visit badly sprained her ankle trying to get down to the beach at Ann Ave! will enjoy a lovely Christmas Holiday.

I am sorry to saddle you with my woes, but I do think you as the main publication of the Town, could maybe find out what is happening and get local people motivated to "Fix Up" this once stunning little town. It would definitely be to your advantage.

*Hopful regards
Martin and Lynn Frazer*
