FINE & COUNTRY ST FRANCIS BAY

Esme Weiman, a renowned Property Professional, for around 3 decades, is pleased to announce that she has signed a group-buying agreement with FINE & COUNTRY INT REALTY, the acclaimed national and international Real Estate Company, which has its origin in the United Kingdom and will soon establish their franchise in the beautiful coastal town of St Francis Bay, thus increasing their services to Cape St Francis and surrounds as well.

Esme Weiman is a multiple award-winning professional, with impeccable experience in all aspects of the property industry, from grassroots level up to executive level. In her position as Property Consultant with FINE & COUNTRY ST FRANCIS BAY she follows the same core principles as this real estate network, but with integrity, honesty, hard work, respect, as well as a nurturing attitude towards clients.

FINE & COUNTRY JEFFREYS BAY congratulates Sandra Coetzer on this new venture and feels honoured to have Esme Weiman as an associate. Coetzer submits that St Francis Bay and surrounds are of great interest to international investors who love the sun and sea, and this picturesque location is a must for those who are looking for a second home or permanent residence in Olympia, London, where it is well established that much international interest and attention are generated. A third party will be joining the team shortly, and the qualifications and experience in complementing the service are eagerly awaited.

Sandra Coetzer attended the FINE & COUNTRY Sub-Saharan Africa international convention on the 10th March 2015 in Johannesburg returning with advanced marketing ideas from around the globe.

FINE & COUNTRY is a highly respected professional real estate company that offers a wide range of services to the community both nationally and internationally, and we now present this same quality and service to clients in St Francis Bay and surrounds.

Contact us today on 0826523155 or email esme.weiman@fineandcountry.com and we will show you our worldwide network working for you.
