QUOTATIONS - To Live By
"For everything you have missed, you have gained something else, and for everything you gain, you lose something else."

"Whatever course you decide upon, there is always someone to tell you that you are wrong. There are always difficulties arising which tempt you to believe that your critics are right. To map out a course of action and follow it to an end requires courage."

"To be yourself in a world that is constantly trying to make you something else is the greatest accomplishment."

"What you are comes to you"

Ralph Waldo Emerson

New Year is hardly past and two months later we are all gearing up for Easter.
The school kids are excited about the holidays and dreaming up fun things to do. We wish everyone a most happy and blessed time on our shores!

And for all the holiday makers who are making their trip to the coast, the weather here is still lovely and the days are still long. But we have had a couple of stormy nights recently.

Not only the young folk are excited this month. Those resident here or connected with it are bound to be thrilled at the news on our front page - that Cape St Francis is in the running for a Blue Flag! This will undoubtedly place it among the best beaches in the world!

One can just picture it already... loads of tourists visiting here. And the spin-offs for the local businesses and the economy plus the improvement of the SFB town and CSF Village, will be tremendous.

At last St Francis can get the upper crusts and jet-set of the former decades flocking back. Development and modernisation and a more upmarket area is bound to happen. As Peet Kemp of St Francis Tourism says: "The Blue Flag is in our reach - we must work together to get it and keep it!"

Happy Holidays!!
Till next time, Keep happy and well,
Bev, The Editor
