

## Fun at College vs Hermitage sports

The annual tradition of sports and comradeship between SF College and Hermitage House schools was enjoyed by all at the end of last month. The two-day event was held from 19-20 May this year with the school teams challenging

each other to hockey, netball and rugby as well as chess.

Ten mini hockey games were played with the SFC winning seven and Hermitage House three. On the netball court, SFC won the Under 8 and Under 9 matches after losing all

the matches last year, and the U13A put up a gallant effort losing 6-14. On the rugby field, the Under 13 seven a side game was won by SFC 30-5 while the Under 9 'Bullejies' match was a 25-25 draw.

The chess hall was a popular gathering point for those waiting for their turn on the boards. Hermitage House U13 teams beat many games were played and it seems respectively.

Hermitage House had the edge.

On the Saturday morning, the senior hockey (boys and girls combined teams) played and Hermitage House Under U11 team won 1-0 in their first game and drew the second 1-1. However, the two SFC U13 teams beat many games were played and it seems respectively.

## CSF Resort sponsors Friday night sundowners at SFB GC

Well done to the winners of the 1st Friday Sundowner golf sponsored by Cape St Francis Resort at the St Francis Bay Golf Club this month.

Roy Liebenberg won on 24 points on a chip out from the club's Richard Vanquelin who also had 24 points. The winners were congratulated by Shawn from the Resort.

## Knysna team takes Bridge Annual

Bridge teams in heavy concentration at St Francis Links

The 2017 Bridge tournament winners this year were Vernon Rice and his team from Knysna, George Raymer, Mike Wright and Viv Lloyd.

Runners up were Arie Ridderhof from Port Alfred and his team, from Kenton-on-Sea, Bridgit Pote, Yvonne Malherbe and Lorraine Knowles.

The Annual St Francis Bay Teams Bridge Tournament was run from 12 May-14 May in grand style at St Francis Bay, 5-star golf estate.

There were 26 teams of four that competed this year, packing the venue to capacity. Seven teams came from Port Elizabeth alone and others travelled from Port Alfred, Kenton-on-Sea, Cradock, Bedford, Plettenberg Bay, Knysna, George, Jeffrey Bay and even one team from Johannesburg, to compete against the local participants.

Visitors and players were full of praise for this sought after tournament, remarking that this tournament has built up a reputation for excellence and was no exception this year. From the perfect venue to the slick organisation of the committee it could not be faulted.

Hanne Kroyer, a competitor from George, who is a swallow from Denmark and who plays regularly at that local club, there said: 'You could not find a tournament of this quality in

Denmark, at this price. An another thing that impressed me most was the kindness I experienced from Joy Fairweather from Port Alfred, commented that it is right to be included in the team' to St Francis Bay as the tournament at the Links is such an excellent one.

Pru Gillespie from Port Elizabeth said the tournament was amazing.

Geoff Ellis, President of the St Francis Bridge Club, to loud applause, thanked Jeff Cleaver for outstanding food and service provided by the Franschhoek Inn. The chef, he said, pulled out all the stops to provide assistance wherever needed and the venue itself is conducive to quiet concentration required by the game. He also expressed thanks to the ladies of the committee who had presented the venue so perfectly, especially to Roger Lea who ran the computer scoring while help from Judy Beck and John Boonzaier for liaison with the Links on the food and beverage side.

John Boonzaier, Deputy President, complimented tournament director, Elean Ellis, on her patience and for coping so admirably with the hectic demands made on her.

Winners of the St Francis Bay Bridge Teams Competition were George Raymer, Mike Wright, Viv Lloyd, and Vernon Rice.

## Gratitude Gathering at Blue Horizon Bay

A 'Gratitude Gathering' was held for Jeanette Nolte, chairman of the Blue Horizon Bay Conservancy Committee, to thank her for the major role played in administration and maintenance of BHB Conservancy for nearly a decade. The village was built on a sensitive dune environment. Maintaining the delicate balance between dunes and developers, plus conserving and preserving the fauna and flora is vital to the future of the BHB village life.

From left: Jeanette Nolte (Chairman), Kevin Perkins (auditor) and committee members Jane Nichol and Rina Juszkiwicz.
