SFB cricketer selected to play for UK club

By Bev Mortimer

A local St Francis Bay cricketer, Benjamin Steyn, last month flew off to the UK to join the Wisborough Green CC team in West Sussex for the 2017 cricket season.

Ben, who is 18 years-old, is the son of Harm Steyn of Christy's Catch in St Francis Bay. He was selected on his all-round ability as a batting all-rounder, who bowls unorthodox off-spin. He currently holds an 83 run batting average and a bowling economy 4.1 runs per over and 2.3 wickets per game.

He flew out on 31 May and will return home at the end of the UK cricket in mid-September this year.

The UK club is paying all his expenses, travel, visa, accommodation and food. Plus he gets a weekly expense allowance!

This is Ben's first amateur cricket season abroad. He has a cricket agent in the UK that procures any prospective deals for his consideration. If all goes well he might get a contract to go play club cricket in Australia or New Zealand from October 2017 till March 2018.

Ben played EP Coastal U17 side in 2014 & 2015 and his average is among the best in South Africa for his age, according to Harm. "It is the dream of any cricketer to play internationally," Harm enthuses. He relates that Ben played cricket

as soon as he could walk. Harm first taught him and then he was coached professionally from school by coaches, Dean Jefferson and Andre Seymour.

Ben was busy with his Grade 12 year at Nico Malan when this great opportunity came. He will now finish the Grade 12 year at a later stage.

Ben attended Affies & Waterkloof High from 2013 till mid-2015 and when his family relocated to St Francis Bay he attended Nico Malan in Humansdorp until last month.

Harm adds that the family is missing him already but wishes him a wonderful cricketing career.

Ben was full of excitement on the eve of his trip
