

A REAL HARD WORKER

THE NEW STAR III CHANGAN RANGE

GO FURTHER.

No matter the task, no matter the Changan you choose, with low fuel consumption, you'll always get more kilometers for your fuel spend.

GREAT POWER.

From small business to big business needs, these hard workers are packed with ample power to take on any task with great ease.

SAFE AND LUXURIOUS.

The Changan range has been specifically built with your safety in mind. Following industry standards and specifications, you can expect a safe and comfortable driving experience. The interior design is modern, and the attention to detail is nothing short of luxurious.

LOAD CAPACITY.

With a longer, larger bin area, you can now load more and worry less no matter your needs.

TYRE SIZE.

By increasing the overall tyre sizes on all Changans, you get a far more sustainable outcome, which helps in the long run.
